

# Human Cell Array I

Cat. No.: 17-601

## Ψ Specifications

<b>SPECIES:</b>	Human
<b>TESTED APPLICATIONS:</b>	ICC
<b>APPLICATIONS:</b>	Human Cell Array I is provided for immunocytochemical analysis of protein and protein-protein interaction. Procedures for immunocytochemistry can be directly applied.

**STORAGE CONDITIONS:** Human Cell Array I can be stored for up to 3 months at 4 °C under desiccated conditions.

## Ψ Background and References

<b>BACKGROUND:</b>	Human cell lines (HEK293, A-431, A549, HeLa S3, Hep G2 and MCF7)
