

# Jurkat Cell Slide

Cat. No.: 17-005

## Ψ Specifications

<b>SPECIES:</b>	Human
<b>TESTED APPLICATIONS:</b>	ICC
<b>APPLICATIONS:</b>	Jurkat cell slide is provided for immunocytochemical analysis of protein and protein-protein interaction. Before applying immunocytochemistry, 0.1% Triton X-100 pretreatment for 1 minute at room temperature is highly suggested. Optimal conditions should be determined by the end user.

**STORAGE CONDITIONS:** Jurkat cell slide can be stored for up to 6 months at 4° C under desiccated conditions.

## Ψ Background and References

<b>BACKGROUND:</b>	Jurkat, Clone E6-1 (T lymphocyte; acute T cell leukemia)
