

Raji Cell Slide

Cat. No.: 17-007

Ψ Specifications

| | |
|-----------------------------|--|
| SPECIES: | Human |
| TESTED APPLICATIONS: | ICC |
| APPLICATIONS: | Raji cell slide is provided for immunocytochemical analysis of protein and protein-protein interaction. Procedures for immunohistochemistry can be directly applied. |

STORAGE CONDITIONS: Raji cell slide can be stored for up to 6 months at 4° C under desiccate conditions.

Ψ Background and References

| | |
|--------------------|---|
| BACKGROUND: | Raji (B lymphocyte; Burkitt's lymphoma) |
