

THP-1 Cell Slide

Cat. No.: RF10002-01

Ψ Specifications

| | |
|-----------------------------|---|
| SPECIES: | Human |
| TESTED APPLICATIONS: | ICC |
| APPLICATIONS: | THP-1 cell slide is provided for immunocytochemical analysis of protein and protein-protein interaction. Procedures for immunohistochemistry can be directly applied. |

STORAGE CONDITIONS: THP-1 cell slide can be stored for up to 6 months at 4° C under desiccated conditions.

Ψ Background and References

| | |
|--------------------|--|
| BACKGROUND: | THP-1 (monocyte; acute monocytic leukemia) |
|--------------------|--|
